## Seek \$125,000 Fund To Supply Classrooms At St. Peter's School

### New Convent Would Relinquish Living Quarters of Nuns for School

The Rev. Alfred J. Henderson, pastor of St. Peter's Roman Catholic parish, has announced plans for a building fund campaign.

The campaign has for a minimum goal \$125,000 to help defray the cost of providing three additional classrooms for St. Peter's Grade school.

The parish school already is overcrowded and the community is growing rapidly. The need for classrooms is urgent he said.

The plan calls for the construction of a permanent convent for the sisters that now reside in a part of the school building, thereby making those rooms available for three classrooms.

Father Henderson said: "I am confident of the support of our people in this great work. Our present church, school, and rectory stand as a monument to their generosity."

## System of Emergency Calls Announced by Telephone Companies

A system by which emergency telephone calls for civil defense purposes can be rushed ahead of other calls has been worked out by telephone companies, J. M. Littler, manager of the Antioch office said.

"Priority 1 Emergency" shall be used only for calls which directly concern the presence of the enemy, intelligence reports on matters leading to enemy attack requiring immediate action, and urgent calls for the armed forces and proclamations of civil defense.

"Priority 2 Emergency" is for reports of damage due to enemy action, and general disaster matters.

Next in order is "Priority 3 Emergency" which considers the successful conduct of war in its many phases.

Those authorized to apply this emergency system ranges from the president down through the system of government to municipal agencies. Effectiveness of the system will depend on the whole-hearted cooperation of persons authorized to employ it.

## Stenographers Needed In Washington, D. C.

Stenographers are being offered \$3,175 per year by the U. S. Civil Service Commission for employment in its own offices in Washington, D. C. There are positions open now.

If you are at least 19 years of age and if you are capable of taking dictation at 80 words per minute or faster, you are invited to apply by writing Mr. Walter E. Elder, Seventh U. S. Civil Service Region, New Post Office Building, Chicago 7, Ill., immediately. He will supply you with the necessary application forms and will arrange for your examination.

Successful applicants will report for induction to the Seventh Regional Office in Chicago. From there they will be provided transportation at government expense to Washington, D. C.

In the entrance-level positions annual salary increases are such that over a period of years stenographers can reach a salary of \$3,655. In addition there are excellent opportunities for promotions to secretarial positions in the Commission at from \$3,410 per year to over \$4,000.

Interested stenographers should write Mr. Elder now since these positions are to be filled before June 30.

## Baby Leonard Baethke Dies Suddenly, Wed.

Baby Leonard Baethke, one month old son of Mr. and Mrs. Raymond Baethke, 173 east of Antioch, died suddenly at 6 p. m. Wednesday at the home of his parents. Leonard was born May 16, 1955 at St. Therese hospital, Waukegan.

Survivors are his parents, Raymond and Marjory Baethke, maternal grandparents, Mr. and Mrs. Albert Doolittle and paternal grandparents, Mr. and Mrs. Walter Baethke of Antioch.

Private services will be held at 11 a. m. Friday at the Strang funeral home, with the Rev. R. P. Otto of Peace Evangelical Lutheran church of Wilmett, officiating. Interment will be in Avon cemetery.

Mr. and Mrs. Henry Oetting and Henry Meyer of Sarasota, Fla., are guests of Mr. and Mrs. Irving Elms and Mrs. Marie Bushing.

## Three Men Hurt in Two Auto Accidents

Two seventeen year old youths were hurt when their cars collided at Rte. 173 and Addison lane near Channel lake, Wednesday evening. Injured were Charles Yancay of 48 Grapevine avenue, Channel Lake, who suffered bruises and Lanny Anderson also of Channel Lake, suffered a shoulder injury.

The head-on crash occurred when Yancay passed another car not seeing Anderson's oncoming auto. Anderson was charged with driving without lights.

Walter Spengler of Lake Villa suffered a bruised chest and a deep cut over one eye when a tire blew out, causing him to lose control and his car struck a tree on Rte 59 near Grass Lake road.

## Mexican Burros New Fad in Pet Circles

One of the new fads in pets that is sweeping the country is the Mexican burro.

Amiel Feyerabend, Antioch automobile dealer, bought two of them from the Lake Forest Farms about a month ago and says they are making wonderful pets.

"They will pick a handkerchief from your pocket, take your hat off, or do a number of tricks and we have only had them a month," Feyerabend said. He said they follow him and members of his family around like a dog. During the summer they eat grass and in the winter hay, but to develop them as pets he feeds them molasses and oats at times.

Feyerabend said that by having two of the animals he found he is defeating his purpose. The two play together and become fractious, whereas, separated they are docile. For that reason Feyerabend is planning to sell one of them.

The burros are about 10 months old and are 37 inches high. They will be 41 inches high at full growth. Raised in Mexico, the animals are government inspected for various diseases before being admitted.

## Rainbow Girls Given Tickets to Shrineorama In Chicago on July 13

A block of 60 tickets has been obtained by Fred B. Swanson, Antioch, for the Antioch Order of Rainbow for Girls to attend the Shrineorama at Soldier Field in Chicago Wednesday evening, July 13 during the National Shrine Convention.

The local girls will be taken to the field by bus, Mrs. C. L. Heath, mother adviser said, and Mr. Heath is receiving donations for the cost of the bus. The trip will be free of expense for the girls and they will be chaperoned by members of the assembly's advisory board. The bus will carry full insurance.

Swanson said that the pageant will be the most spectacular ever witnessed in Chicago.

The convention will open on July 10 and continue for a week. The attendance will be so large that hotel rooms are being reserved for the delegates for a radius of 60 miles of Chicago wherever there is quick transportation.

## Water Safety Methods Demonstrated at Camp

Latest techniques in water safety and first aid were presented at the Lake Villa State Conservation camp on Fox Lake Monday by trained representatives of the American Red Cross, North Lake County chapter. Demonstrations will be held again June 20-27 for a group of 4-H boys and girls attending sessions at the conservation camp.

Assisting with the first aid portion of the program Monday was Harold Dunn, chairman of the first aid program, Fire Chief Norman Litz of Waukegan, and Jack Smith, the first aid instructor at Fox Lake. All demonstrations will be given in cooperation with the Chicago Chapter, American Red Cross.

## Farm Bureau, Civic League Fail to Get Change in Personal Tax Collection Plan

Attempts of the Lake County Farm Bureau and the Civic League to change the system of collecting personal taxes failed.

The supervisors of Lake county decided to retain the present system of having justices of the peace collect the delinquent personal taxes instead of turning the job over to the county treasurer.

The treasurer will have the job of collecting what the justices of the peace fail to do.

The farmers and the Civic League said that the state law intended that the treasurer should collect the per-

## Four Candidates Vie For American Legion Queen, Trip Honors

Edwynna Chernik, Ella Mae Edwards, Carol Frazier, Arlene Cribb Compete

The race is on for the honor of reigning as queen of the American Legion carnival and the trip to Washington, D. C., for the winner and her mother.

The contestants, Chairman W. V. Lahti said, are: Edwynna Chernik, daughter of Mr. and Mrs. Edwin K. Chernik, who is sponsored by the Antioch Sheet Metal Works.

Carol Frazier, daughter of Mr. and Mrs. Edward Frazier, 1087 Spafford St., sponsored by King's Drug Store. Arlene Cribb, daughter of Mr. and Mrs. Harlow Cribb of Depot St., sponsored by Reeves Drug Store.

Ella Mae Edwards, daughter of Mr. and Mrs. Warren Edwards, Indian Point, sponsored by Smart's Country Club.

The contest will end the morning of July 10 and the queen will be crowned that evening. At her convenience thereafter she and her mother may take the all-expense paid trip to Washington, D. C., as two others have done. She will be known as Miss American Legion Queen and will be privileged to appear at other celebrations.

The second place winner will receive a \$100 bond; the third, a \$75 bond, and the fourth a \$50 bond.

## Onestis Denied Plan To Operate Gravel Pit; Vets Get Zone Change

The Lake County Board of Supervisors acting on the recommendation of the Zoning Board of Appeals Monday rejected the request of Lawrence Onesti for rezoning of 110 acres of land at the northwest side of Dunn's lake from residential to business.

Onesti wanted to open up a gravel pit. Dunn's lake is west of Grass lake on Grass Lake rd.

The Veterans of Foreign Wars of Antioch identified as the Veterans Club was allowed a variation from farming to allow operation of a club at Rte. 59 south of Antioch.

A petition to rezone a 185-acre tract south of Rte. 22 east of the DesPlaines river from farming to small home sites was also denied by the board as unnecessary at this time.

## Business Men Called To Address Teachers At National College

School teachers and businessmen have a tendency to look askance at each other across a wide expanse of dissimilar experience. This summer National College of Education, Evanston, is attempting to narrow the gap by bringing its businessmen classroom as visiting professors of applied economics. The title of the course, to be offered during the six-week summer session, June 27-August 5, is Present Trends in Economics for Elementary School Teachers.

Avis Moore, social science specialist on the National College faculty, will be co-ordinator and general director. Registration for the six-week session is now open.

In announcing the new course, President K. Richard Johnson stated that teachers should know more about the economic environment in which the schools function, and that the teacher's attitude and philosophy are important even in the way children learn such basic subjects as reading and arithmetic.

National's trustees and associates are Chicago area businessmen with practical experience in a number of fields—insurance, banking, investment, manufacturing, retail trade. As part of the course, excursions are planned to an International Harvester plant, a Ford assembly plant, and the American Hospital Supply Corporation.

## Wholesale, Retail Coal, Lumber Dealers Engage In Golf Tourney Today

One hundred and ten members of the Wholesale and Retail Building Materials, Coal and Lumber Dealers engaged in their annual spring golf tournament today at the Chain O' Lakes Country Club. Golf started this morning with luncheon at noon, play this afternoon and a dinner scheduled for the evening.

Ed Vos of the Antioch Lumber and Coal Co. is one of the directors.

## Joliet Soil Experiment Field Meeting June 24

The Joliet Soil Experiment Field meeting will be held on Friday, June 24, starting at 1:30 p. m., according to farm adviser Ray T. Nicholas. Lake County farmers interested in observing the results of crop rotations and soil treatments are invited to attend the meeting. A summary of results with nitrogen, phosphorus, and potash used in various ways will be presented.

The Joliet Experiment field is located about halfway between Plainfield and Joliet on U. S. Route 30.

## MAN OF THE HOUR

## Browe School District Wants Annexation With Newport Consolidated

Petitions for the Browe School district 16 with the new Newport Consolidate School Dist. 11 has been filed with County Supt. W. C. Petty and the County Board of School Trustees for consideration at the July 5 meeting.

Lawrence Lecher, Antioch R. F. D. is president of the Newport board and Emery Allison of Wadsworth is president of the Browe three-man board.

The Hickory Corner school annexation case is still in the hands of County Judge Minard E. Hulse. A part of the district sought annexation with Antioch Grade School and this was opposed to the extent that the matter was taken to court after the county board approved the annexation petition.

Robert Wilton of Antioch is a member of the county board that will rule on the Browe petition.

## National Safety Council Advises Holiday Motorists

Chicago, June 16—What is the death rate in this country? Your own speedometer may give you the answer.

That advice to motorists who try to drive too far too fast on holidays was issued by the National Safety Council, which is coordinating a nationwide campaign aimed at reducing traffic accidents over the Fourth of July weekend. One hundred and sixty national organizations are participating in the campaign.

The Council estimates that more than 40 million vehicles will be on the move during the three-day weekend and that they will roll up more than three billion miles.

In such heavy traffic a driver is never more than a second away from an accident, the Council says. It is estimated that he must make from 20 to 50 decisions an hour—and a wrong one can be fatal.

Over the Memorial Day weekend, 368 persons were killed in traffic accidents. "If they had died in a nationwide epidemic the whole country would be taking frantic steps to see that it never happened again," Ned H. Dearborn, president of the Council, said. "But they did die from an epidemic—a highway epidemic we might call the three I's—'incompetence, indifference and irresponsibility!'"

"Their deaths are a tragic reminder that too many of us have forgotten to use the Golden Rule in traffic. When we share a common highway, we are our brother's keeper in a very real sense. I believe the Memorial Day toll could have been cut in half if that attitude had prevailed more generally."

For a safer Fourth, the Council offers four driving tips:

1. Start early, before traffic is heavy. You can cover a lot of miles in relatively light traffic early in the day.
2. Don't compete in traffic—let the other fellow go first.
3. Don't follow the car ahead too closely. Double check before passing or changing lanes.
4. Above all, don't speed. Losing a little time is better than losing your life.

Mrs. Dudley Kennedy and daughter, and Mrs. Howard Gaston and children, Homer and Jill left Monday on a motor trip to a lake 70 miles north of Fort Francis, Canada, to join Mr. Kennedy and Mr. Gaston who have been on a fishing trip for two weeks. All will return next week.

## Five Hurt in 3-Car Crash at Rte. 45 and Rte. 173 on Tuesday

Clarence L. Heath of Rinear rd. suffered from shock when his car was struck by a car driven by Mrs. Priscilla Boelk, 30 of 6025 29th ave., Kenosha, at the intersection of Rtes. 173 and 45 early Tuesday morning.

The westbound car of Mrs. Boelk first crashed into the southbound car of Robert W. Freund, 26, of Union Grove, Wis., caromed off against Heath's car and then into a traffic sign at the southwest corner of the intersection.

The Antioch Rescue squad took the injured to Victory Memorial hospital for care.

Friend was treated for a broken left arm and a possible skull fracture; Mrs. Boelk for face and leg cuts; her daughter, Patricia, 13, for a possible broken jaw and right leg injury; Shirley Boelk, 13, of Pearl City, Ill., for bruises; and Helen Meyer, 18 for cuts on the right leg. Sheriff's Deputies William Wood and Carl Schmidt reported that Mrs. Boelk failed to stop at the intersection and would be charged with reckless driving.

Heath was on his way to work at the North Chicago Coal and Lumber Co. yard. He said he stopped for the intersection and waited to allow the southbound car of Friend to pass. He said it was evident that Friend expected Mrs. Boelk to stop and pulled into the intersection.

## Fritz H. Seefeldt, 68, Of Lake Villa Dies Following Brief Illness

Fritz H. Seefeldt, 68, Lake Villa died Saturday at 11:10 p. m. at the Lake County General hospital following the brief illness. Mr. Seefeldt was born April 12, 1887 at Concord, Wis., moving to Genoa City where he operated dairy farms in Genoa and Richmond. For the past 15 years he lived at Lake Villa.

Survivors are his wife Winnifred, three sons, Phillip, Round Lake, Lawrence, Waukegan, and Richard of Lake Geneva, two daughters, Roberta Grenus, Lake Villa and Ramona Hall of Belvidere and fourteen grandchildren.

Funeral services were held at 2 p. m. Wednesday at the Strang Funeral home. The Rev. Wm. F. Kampenkel of St. John's Evangelical Reformed church officiated. Interment was in Mound Prairie cemetery at Twin Lakes, Wis.

## Wholesale, Retail Coal, Lumber Dealers Engage In Golf Tourney Today

One hundred and ten members of the Wholesale and Retail Building Materials, Coal and Lumber Dealers engaged in their annual spring golf tournament today at the Chain O' Lakes Country Club. Golf started this morning with luncheon at noon, play this afternoon and a dinner scheduled for the evening.

Ed Vos of the Antioch Lumber and Coal Co. is one of the directors.

## Joliet Soil Experiment Field Meeting June 24

The Joliet Soil Experiment Field meeting will be held on Friday, June 24, starting at 1:30 p. m., according to farm adviser Ray T. Nicholas. Lake County farmers interested in observing the results of crop rotations and soil treatments are invited to attend the meeting. A summary of results with nitrogen, phosphorus, and potash used in various ways will be presented.

The Joliet Experiment field is located about halfway between Plainfield and Joliet on U. S. Route 30.

## Band Will Appear in New Uniforms at Next Concert on Tuesday

John Hammond, Cornetist and Cain's Cottonpickers Are Featured

The Antioch Community band will be in uniform for the first time when it gives its public performance next Tuesday evening at the bandstand at Orchard st. and Broadway.

The uniforms purchased from the Zion senior band, are black military style with gold braid. There are now enough uniforms to outfit a 60-piece band. Bandmaster Louis Chenette said that members are to get them by noon Saturday at the high school music room.

The concert at 8 p. m. Tuesday will feature compositions published within the last three years.

John Hammond, a trumpeter, will be soloist, and the Cain Cottonpickers, an Antioch high school ensemble will play.

The program will be: March—Colonel Bogey .....Alford Overture: "Scenic West" .....Dana Cornet Solo .....John Hammond San Francisco El Grande.....Lecuna Swedish Rhapsody .....Faith Dixieland Selections

Cain's Cottonpickers Serenade to an Innomiac.....Chiarelli Third Street Rhumba .....Shaw Big Horn Boogie .....Brewster

## Felters Sub. Residents And Guests Injured in Car Crash Last Friday

Mr. and Mrs. Norvin Stoffel of Felter's subdivision, Lake Catherine, were seriously hurt; their daughters Judy 9, and Carolyn 13, were cut and bruised and Mrs. Stoffel's parents, Mr. and Mrs. Hans Clausen of Phoenix, Ariz., were badly hurt in a collision of cars last Friday evening.

The accident occurred about five miles from Burlington, Wis., while the Stoffels and their guests were on their way home from dinner at the Little Bit of Norway restaurant near Burlington.

Charles H. Evans, 36, of Watford, Wis., driver of the other car, was critically injured and his wife less so.

All of the seriously hurt were taken to the Burlington hospital.

Mr. Stoffel suffered a splintered knee, a broken rib, and a collapsed lung.

Mrs. Stoffel has a broken jaw.

Mr. Clausen has a broken thumb and broken rib, and Mrs. Clausen a fracture of both legs near the knees.

The Clausens came to Lake Catherine recently to visit their daughter and her family.

The Stoffel children are at home and Mr. Clausen, their grandfather, arrived at their home Monday, and Mrs. Stoffel may arrive home later this week. The rest must necessarily be in the hospital for several weeks.

Mr. Stoffel is a service engineer for the M. H. Detrick Co. in Chicago.

## Antioch High Baseball Players Get Season Passes from Cub Mgr.

Members of the varsity and freshman-sophomore baseball squads of Antioch Township High school have received season's passes to all home games of the Chicago Cubs.

James Gallagher, business manager of the Cubs, asked Athletic Director Warren Polley for the names of the players and then sent them passes stamped as "merits of award to stimulate interest in baseball."

Approximately 30 passes were issued.

## Sunshine Returns After Ground Given Moisture

Sunshine returned to Antioch Tuesday after 13 days of cloudy weather or rain. While the rainfall was not great, and there were days when the sun threatened to come through, the general weather was cold and disagreeable.

The moisture was good for the soil and except for the few who didn't get their corn planted, no one is complaining. The oats are looking good and are commencing to fill. If there isn't too much hot dry weather in the next week there should be a good oats crop.

St. Peter's Adds 7 o'clock Mass Father Henderson announces that starting Sunday, June 19, there will be a seven o'clock mass at St. Peter's church, Antioch, Ill. Schedule of the Sunday Masses: 6, 7, 8, 9, 10, 11 and 12. Mass every hour on the hour.

## A Demand

It's always refreshing when a top man in government champions a principle that is strictly in accord with American traditions.

Director of the Budget Hughes did that when he said: "We remain convinced that the best interests of the nation as a whole do demand the termination of unwarranted government competition with business."

In plain language, government in business is socialism—and socialism, carried far enough, always ends in tyranny and the death of liberty and human dignity.

\* \* \*

## All Would Lose

Two changes in the Fair Labor Standards Act are now proposed. One would increase the federal minimum wage, by 15 cents or more an hour. The other would extend the Act to certain enterprises, retail trade among them, which have hitherto been specifically exempted by Congress.

If the minimum wage is raised, workers in the higher brackets will inevitably demand increases, in order to maintain their established differentials. A whole new inflationary spiral could be started. In virtually all business, wages represent one of the biggest operating costs, and one of the biggest factors in establishing prices to the consumer.

Extending the coverage to enterprises now exempt would create problems equally bad and possibly worse. As an example, retail experts say that in some cases the increase in cost would be more than the profits stores now earn. Management would have no course but to reduce employment wherever possible. Thus the unskilled marginal workers, whom the minimum wage reaches, would search in vain for jobs, and would not have the opportunity to learn the skills needed for advancement.

The point is that no one gains in the long run when wages are arbitrarily established by law, instead of by the worker's productivity and value.

\* \* \*

## Sunlight in the Clouds

In its May 30 issue, Time described some current developments within the soft coal industry. Coal is already highly mechanized, but the revolution in mining techniques is still going on vigorously. Amazing new machines, which promise to both speed production and lower costs, are coming into use. A dramatic example is a power shovel as high as a 12-story building which scoops up 100 tons of the earth and rock covering coal deposits every 50 seconds.

Time points out that coal has been in a bad way—a third of the 9,000 mines that were in production in 1948 have been shut down. But sunlight is piercing the clouds at last. Time says that during a recent

week "bituminous production was running about 16 per cent above last year's rate, and most coal men hope for a yearly output of at least 430 million tons, a figure some optimists claim is 20 million tons too low. With the help of new mechanization, the daily output of coal per man will average close to ten tons this year vs. 7½ tons in 1952 and 6½ tons during 1947."

This is good news indeed. It is generally believed that the coal industry should have an output of at least 500,000,000 tons a year if it is to be in a position to meet the demands of an emergency, or the peacetime increase in demand that will result from our ever-soaring energy requirements. The nearer coal comes to that figure, the better off the nation will be. Coal is one of those basic enterprises which we cannot do without.

\* \* \*

## Unlimited Progress—If!

In the view of Clem D. Johnston, president of the Chamber of Commerce of the United States, pioneering is just beginning in America. As an example, he pointed out that American enterprise is spending nearly \$4,000,000,000 a year on research, and said that this is providing today's young people with opportunities "far greater than the western frontier ever provided for our grandparents."

He then added a warning—that, if we are to fulfill our potential, we must "rid ourselves of this welfare state philosophy of giving everyone, regardless of how much work he does or how well he does it, an equal share of everything."

There can be no progress, material or otherwise, unless men can reap and enjoy the fruits of achievement.

## The Low Down From Hickory Grove

I been reading where the Workers and everybody in Great Britain have again said, "Enough." They have really thrown in the sponge on the "Workers Party"—they have deserted it via more votes for the regular Govt. and much fewer votes for the old leaders who put Great Britain into Socialism with a big "S" some years ago via Mr. Atlee and Co.

The promised smooth sailing and eased paths—free of pain or too much effort—of the old Labor party did not turn out so smooth and painless. They turned out under Senor Atlee to be more painful versus less painful. With one Big Boss—the Govt. job freedom was not seen thereabout. Job freedom vamoused in B. C.—Before Churchill. And ever since they have been paying the fiddler for the error of their ways.

But in this new election they have emphasized their disagreement with any kind of a comeback of the Socialists. And that is where we should sharpen our wits and polish up our thinking on how, we, here, can take a leaf from the British book and ease out of office that crew in Congress who still harrangue for more Govt.—bigger Govt. Socialism for short. And down to brass tacks, we can take heed of Britain's costly ventures and close down a lot of unneeded Govt. ventures here in our own land, and avoid learning the harder, more expensive way via even more foolishments.

Yours with the low down,

JO SERRA

## LAKE VILLA

### American Legion News

The regular monthly meeting of the Lake Villa Legion Post 1219 will be held at the Venetian Village Community hall at 8 p. m. on June 21. Post members should make every effort to be in attendance, as nominations of officers for the coming year will be the important issue. Recently the post donated an American flag to the Boy Scout No. 88 of Venetian Village, and at a later date the Legion will sponsor a picnic for the Cub Scouts of Lake Villa.

The post wishes to thank the public for their liberal donations on Poppy Day. It is for a worthy cause. Refreshments will be served at the conclusion of the meeting on June 21.

Miss Marjorie Young presented her classes in dancing at a recital at the Lake Villa grade school gym last Sunday afternoon to a very appreciative audience of parents and friends of the pupils, who presented a number of different types of dancing, making a very beautiful program. Awards were given to a number of pupils for perfect attendance and for various forms of assistance.

Rev. Plummer and family expect to be back this week from their Maryland visit where Rev. Plummer went to preach on Sunday and to take part in the reunion of his High school class which observes the anniversary every five years. He will be in his regular place in the pulpit of the Community church next Sunday for both services. Rev. Benson of Antioch was guest minister at the 8:30 service and Rev. Albert Moover, who is statistician for the

Methodist church, and lives in Evanston, was guest minister for the 11 o'clock service.

Mrs. Delbert Sherwood presented her class in piano at a recital at the grade school gym on June 8. This is the tenth recital she has given

in Lake Villa, and her pupils who are from Antioch, Grass Lake, Venetian Village and Lake Villa areas, presented a very fine program for the parents and friends who came to hear them.

Mr. and Mrs. Don Oilschlager are

receiving congratulations on the birth of their third son on Friday last week. The little newcomer also has a sister, Shirley.

Mrs. Windsor Dalgaard has been a surgical patient at Victory Memorial hospital for several days this week.

Mr. and Mrs. Lester Hamlin visited their son, Charles, who is a patient in the Veterans' hospital in Waukesha, last Saturday afternoon.

Mrs. Gertrude Hamlin is a patient also at the Victory Memorial hospital with a fractured hip suffered in a fall last Saturday afternoon as she stepped from the car to the curb at Dr. Breakstone's office at Antioch. The Rescue squad took her to the hospital and she is doing as well as can be expected, but her trip to Massachusetts was cancelled indefinitely. Mrs. Hamlin and Mrs. Harriet Ballenger had planned to go by plane to Norton, Mass., to attend the graduating exercises at the college there, for Mrs. Hamlin's daughter, Mrs. Bojan Hamlin Jennings, who is being awarded a degree. She teaches in the college and is one of twelve women in Massachusetts to have received this honor.

Mr. and Mrs. R. LaPorte of Birmingham, Ala., were guests of Mr. and Mrs. F. Emerson a few days last week, and during the week Mr. and Mrs. Emerson and Mr. and Mrs. R. Barkling enjoyed bowling at Antioch.

Mr. and Mrs. M. Miltimore of Zion are guests of Mr. and Mrs. F. Emerson for a couple of weeks.

Mr. and Mrs. J. Francisbauer and parents, Mr. and Mrs. F. Emerson attended a benedict luncheon at Highland Park hospital recently, and the proceeds went to the Iron Lung fund.

Mr. and Mrs. Earl Hucker and son Charles left this week to spend some time in Denver with their son, Billy who is in the U. S. army there.

Mr. and Mrs. Charles Rothers and three children who have sold their home at Berkeley, a suburb of Chicago, have come to the home of Mrs. Rothers' parents, Mr. and Mrs. Albert Kapple to spend the summer months until they find a place which is convenient for Mr. Rothers' work in Chicago.

Walter Paske spent a day last

week in St. Therese hospital, but is now at his home and doing nicely. Mrs. Charles Bennecke of Villa

Woods subdivision entered Victory Memorial hospital for surgery last week.

## William Clarke Takes Grace Hatcher as Bride At Lakeland, Florida

William E. Clarke, son of Mr. and Mrs. George Clarke of Antioch, took as his bride Miss Grace Elizabeth Hatcher, daughter of Mr. and Mrs. Thomas Smith Hatcher at Lakeland, Fla., last Saturday.

The services at high noon took place in All Saints' Episcopal church in Lakeland with the Rev. Clifton H. White officiating.

The double ring service was used. The bride wore a ballerina gown of silk organdy over taffeta, lavishly tucked and scalloped with valenciennes lace. There were cuffs on the elbow-length sleeves and the choir boy collar was edged with lace. Her dutch cap was of matching lace, edged with pearls and held a fingertip veil of silk illusion. Her short mitts were of nylon net.

She carried a white prayer book with a white orchid showered with lilies-of-the-valley.

Miss Nathalie Reese served as maid of honor. She wore white organdy over yellow taffeta, and her flowers were a cascade arrangement of yellow carnations.

Michael Cherny served as best man, Hugh Murphy and William K. Love were ushers.

The bride was given in marriage by her uncle, T. R. Summerall.

Music was furnished by Mrs. Marshall Goddard at the organ.

The new Mrs. Clarke is a graduate of Lakeland High school, Lakeland, Fla. She is a Juniorette, a Lionette, and a member of the Order of Rainbow for Girls.

Mr. Clarke is a graduate of Antioch Township High school and is a junior at Florida Southern college. He is a member of Sigma Phi Epsilon fraternity.

A reception was held at the Florida hotel's Phosphate room with the bride's parents as hosts assisted by Mrs. J. R. Weeks, Miss Marsha Myrick, and Miss Priscilla McDonald.

Mr. and Mrs. Clarke went on a motor trip to New Orleans, La., and will be at home after June 25 at 402 Lake Morton Dr., Lakeland, Fla.

### Honored at Luncheon

Mrs. Milton Park of Bluff lake was honored at a birthday luncheon at the home of Mrs. Fred Dittmer of Grass lake Tuesday, June 7. Those present were Mesdames Alex Michelli, Charles Paddock, Lucy Peduzzi, Walter Forbrich, Lula Willey, William Dunworth, Ed Vistain, and Carl Reinebach. After luncheon gifts were presented to her.

### Antioch Unit Home Bureau To Hold Meeting June 22

The Antioch Unit Home Bureau will hold its regular meeting and dessert luncheon at 1:30 June 22 at the Channel Lake school. Following the luncheon the lesson on polio will be given by local leaders. Serving on the luncheon committee are Mesdames Vern Heath, Robert Hess, R. J. Slaughter and Mike McKinney. Plans have been completed for a public card party which will be given at the Channel Lake school house June 29 at 8 p. m. There will be prizes for winners of highest scores and refreshments will be served by the committee in charge.

### Mr. and Mrs. Plechaty Honored Guests at Garden Party

Mr. and Mrs. Marshall Plechaty were guests at a garden party and open house given in their honor by Mr. and Mrs. Robert Plechaty at their Petite Lake home June 5. Mr. and Mrs. Plechaty were married April 16 at St. Peter's church. Mrs. Plechaty before her marriage was Miss Mary Vos, daughter of Mr. and Mrs. Roman Vos of Antioch. A buffet lunch was served to the 150 guests present. Those from Antioch attending were: Mr. and Mrs. Roman Vos and family, Mr. and Mrs. R. Huml, Mr. and Mrs. E. Hevrdejs, Loon Lake, Mr. and Mrs. Louis Kempf, Mrs. Marguerite Arnold of Petite Lake and Harry Schmid, Loon Lake.

The Plechatys received many lovely gifts from the group.

### Enroll at National College

Two Antioch residents have enrolled in the summer school at National College of Education, Evanston, Ill. The session is designed for veteran teachers, future teachers, school administrators, and supervisors.

Attending summer school from Antioch are Mrs. Belinda Barbara Dittman, North Shore, Loon Lake; and Mrs. Mary Vanderbloot Bruski, R. R. 2.

### Executive Board Will Meet

The Lake County Home Bureau Executive board will meet at 1 p. m. Monday, at the Home Bureau office in Libertyville. This is one week later than the regularly planned time due to the absence of several board members this week. Mrs. Calvin Bracher and Mrs. Frank Kaiser who are representing the Lake County Home Bureau at the Illinois Home Bureau Federation Citizenship Conference at Bradley University, in Peoria, this week, will bring a report to the county board on June 20.

## Mrs. Sherwood's Pupils Mark Her Tenth Annual Recital at Lake Villa

Pupils of Mrs. Delbert Sherwood presented their annual piano recital Wednesday, June 8 at the Lake Villa Grade school.

For Mrs. Sherwood who has been teaching piano to children of this and neighboring communities, the event marked the tenth annual recital. Pupils from Lake Villa, Venetian Village, Antioch, Crooked Lake, and Grass Lake areas participated.

A lovely musical pin was given by Mrs. Sherwood to Betty Garrett, daughter of Mr. and Mrs. Charles Garrett of Venetian Village for having participated in the most recitals—eight out of the ten—and to Gail Frasier, daughter of Mr. and Mrs. Roy W. Frasier of Grass Lake for having been in seven consecutive recitals.

A lovely floral gift was presented to Mrs. Sherwood by the Antioch and Grass Lake area pupils.

## Announce Marriage Of Daughter

Mr. and Mrs. Elmer Hunter announce the marriage of their daughter June Hunter Thompson to Mr. Erroll E. Clark, son of Mr. and Mrs. Errol M. Clark of 228 Maple st., Galesburg, Ill., on May 7, 1955 at Manhattan, Ill. Virginia Clark Johnson and Lyle Johnson were the attendants. The Rev. L. Maynard Beal officiated.

The newlyweds are students at Knox college. Mrs. Clark is a member of Phi Mu sorority and Mr. Clark is a member of Phi Gamma Delta fraternity. He is employed at Butler's at Galesburg.

There is still time to enroll in the Summer Reading club at the Antioch Township Library. Fifty children have already enrolled, and registration will continue for another two weeks.

## Mrs. Patrick Quilty

## Betty Bauer Bride Of Patrick Quilty

Miss Betty Bauer and Patrick J. Quilty were united in marriage in a double ring ceremony at 6 p. m. at St. Peter's church on June 11. The Rev. Alfred J. Henderson officiated. Betty is the daughter of Mr. and Mrs. Louis J. Bauer. She was given in marriage by her father and chose for her wedding a gown of lace and tulle. Her sculptured bodice fashioned a round neckline, long tapered sleeves and a tulle cummerbund. Her full bouffant skirt fashioned an inset of lace trimmed with sequins that fell into floor length. For her head piece she chose a crown of crystal orange blossoms which held her fingertip veil. Her flowers were orchids and stephanotis.

Mrs. Donald Hoem served as matron of honor and the Misses Mary Ann Quilty and Mary Healy served as bridesmaids. They chose waltz length sky blue rice cloth, over taffeta gowns, the torso bodice was topped by a mock redingote. Their full bouffant skirts fashioned circular tucks. Matching coolie hats trimmed with pearls, held nose veils.

Jack Russo served as best man and Thomas and Harry Quilty, brothers of the bridegroom were ushers. Miss Susie Quilty was flower girl and Glen Meade served as ring bearer. Rose Ann McGreal was soloist accompanied at the organ by her mother, Mrs. Thomas McGreal.

Following the ceremony a reception was held at Pasadena Gardens. The newlyweds are graduates of the Antioch Township High school. After a wedding trip to northern Wisconsin they will be at home at 1128 Grand avenue, Waukegan.

## Burras Are Fine Pets

Bruce Feyerabend, son of Mr. and Mrs. Amiel Feyerabend is shown with his Mexican burro pets at his home. They behave like dogs and do all sorts of tricks.

## Mr. and Mrs. George Sass

Married at St. Peter's June 4

## Geraldyn Gresens and George Sass Exchange Nuptial Vows June 4

Miss Geraldyn Gresens, daughter of Mr. and Mrs. Edward Gresens of Bishop drive of Antioch became the bride of Mr. George Sass, son of Mr. and Mrs. George Sass of Petite Lake, Antioch, on Saturday, June 4, at 3:30 p. m. at St. Peter's Catholic church with the Rev. Francis Johnson performing the double ring ceremony.

The bride was given in marriage by her father. She chose for her wedding a floor length white embroidered crystallette gown with long tapered sleeves and a bouffant skirt.

A seed pearl and sequin trimmed crown held her fingertip veil of illusion and her bouquet was of white gardenias and stephanotis.

Miss Valerie Gresens was her sister's maid of honor wearing a ballerina length gown of white crystallette. She wore a crown of flowers with a flesh colored veil and carried white carnations.

Miss Grace Natowski served as bridesmaid. Her gown was a ballerina length of white crystallette. She wore a crown of flowers with a flesh colored veil and carried pink carnations and ivy.

Miss Claire Beaumont served as flower girl, wearing a white embroidered crystallette dress to match the bride's dress. She carried pink rose petals in a white satin basket.

Frank Jaskowiak served as best

man and Ray Lubkeman served as usher.

Miss Freida Franklin sang the traditional wedding music accompanied at the organ by Mrs. Thomas McGreal.

Mrs. Gresens, mother of the bride wore a blue lace dress with pink accessories and a corsage of white flowers.

Mrs. Sass, mother of the bridegroom wore a mauve colored lace dress with white accessories and white flowers.

A dinner and reception was held in the evening at the Swedish Glee club in Waukegan.

The newlyweds flew to Miami Beach, Fla., for their honeymoon and will be at their new home in Fox Lake Hills after July 1st.

Egg prices have been low recently and they will continue to be fairly low until the increase in poultry flocks is stopped. There has been an increase of 6 per cent in poultry flocks in the central and northeast states, according to Successful Farming. This is the highest increase of any region in the country.

## Vacation Church School Planned by Methodists

The Commission on Education of the Methodist Church of Antioch has announced that a Vacation Church School is being planned to be held during the middle of the summer vacation period. The date will be announced later.

The co-leaders of this year's school are Mrs. Louis Biel and Mrs. John Grady. Adult leadership is needed and persons who would like to serve in some capacity should telephone Mrs. Biel, Antioch 509 J-1.

The infant nursery during the morning worship at 1:00 a. m. will be discontinued due to construction work in the basement of the church.

The 116th session of the Rock River Annual Conference of the Methodist Church will be held in Elgin June 20 through June 24. The Methodist church of Antioch will be represented by the minister, the Rev. Howard Benson, the lay member of the conference, Mrs. Loyal Sitter, and the assistant lay member, Mrs. S. Boyer Nelson.

Bishop Charles Wesley Brashares, resident bishop of the Chicago area, will preside over the conference. The conference will receive reports of work done during the past year and decide on plans for the coming year. The Methodist ministers and lay delegates will join with the ministers and delegates from the Evangelical United Brethren Church each evening to hear sermons by Dr. Robert J. McCracken, pastor of the Riverside Church, New York City, and Dr. George Buttrick, of Harvard University.

**Bus to Transport Swimmers**  
Children of school district No. 34 who wish to register for the Red Cross swimming program will meet Wednesday morning June 22, 1959, at 8:30 a. m. at the Antioch Grade School where a bus will be provided to take them to the Artemis pool at Round Lake.

A fee of \$2 will be assessed per child for a pool rental and doctor's examination. Each enrollee is to bring a small bag of clothing including a swim suit, bath towel and something to throw around the shoulders when not in the pool. Girls must wear swimming caps.

## Water Safety, First Aid Demonstrations Planned At Conservation Camp

"Saddle-back Carry" and "Cravat Hammock" may sound like a day at the ranch versus a nap in Dad's best neckties to many of us at this time but not so to the group of 4-H boys and girls convening at the Conservation Camp, just outside Lake Villa, between the dates of June 13th and June 30th.

On Mondays, June 20 and 27, between the hours of 1 and 3 p. m., trained representatives of the North Lake County Chapter, American Red Cross, in cooperation with the Chicago chapter, will be on hand to demonstrate the latest techniques in Water Safety and First Aid for the boys and girls.

Assisting with the first aid portion of the program will be Harold Dunn, chairman of the First Aid program; Norman Litz, Waukegan Fire Chief and vice-chairman of the First Aid committee, and Jack Smith, first aid instructor from Fox Lake. Mr. Smith has, at the present time, the most unique and modern First Aid unit in Grant Township and the consensus is that, after seeing the unit in action, there will be rapid conversion from hot-rods to jet-propelled "units."

On June 20 and 27, Jim Strang, director, water safety program for the coming season, will be at the pool to share with all the many new techniques learned while attending the National Aquatic School at Camp Heffernan, Hudson, Ill.

As a part of "Learn to Swim" program, classes will be held at the Waukegan Township High School, Venetian Village and Artemis Pool, Round Lake. Any child six years of age or over is eligible for this program and further information may be obtained by calling Chapter Headquarters, Ontario 2-4044.

### EAGER BEAVERS

The meeting on June 9 proved to be a busy one for the Trevor Eager Beavers. With excitement of camp for six members (Diane Plunket, Lorelle Stefan, Dennis Stefan, Tom Elfers, Elenna Eckert and Susan Eckert) representing the Trevor group.

Marlene Swoboda and Mae Muller were appointed to the float committee which is headed by Mr. W.

Runyard, Fritz Frank and Mrs. Oetting.

The Homemakers of Trevor are supporting the Trevor Eager Beavers in a bake sale to be given July 2 at the Ford Garage in Antioch. We hope to see you all there. The committee in charge of the bake sale is composed of Ruth Kaiser, Sheree Nelson, Susan Eckert and Diane Plunket.

Tom Elfers, Charles Prange, and Heinz Kiser are in charge of entertainment for our next general meeting. They are planning a baseball tournament with Dennis Stefan and Rose Marie Ziegler as team captains.

Our first demonstration of the season was given by Diane Plunket and Susan Eckert. The proper procedure of making yummy muffins, the demonstration was a lot of fun but the best part was testing the

finished product.

Refreshments for next meeting are to be served by Sheree Nelson, Lillian Smith and Elenna Eckert. Jim Schultz, Lorelle Stefan and Susan Eckert were responsible for the delicious refreshments served.

A special Thank You is due to Mrs. Stefan for her help in serving. The evening entertainment was rounded out by dancing.

## Tips on Buying Children's Shoes

When shopping for children's shoes — which seems to be all the time — a wise mother makes certain the shoes are made with leather welting. A recent survey by a major national consumer organization — which included wear tests by 250 children — found that shoes with leather welt construction stand up better and are better for children's feet than non-welted shoes. The leather welt is actually the backbone of the shoes — it helps prevent the shoe from being twisted out of shape and makes it possible for it to be resoled. Before buying a new pair of shoes for your youngster, or yourself, ask the salesman whether they are made with genuine leather welting.

## This Cheese-Cake Deserves an Oscar!

The Greeks had a word for it! The Romans called it "tyropitina"! It's cheese-cake to us! Hollywood, of course, invented the pin-up variety — but the edible sweet of the same name is possibly the oldest formal dessert in the world — the recorded favorite of Socrates, Lucullus, Apicius, and gourmets from then 'til now.

One would think that with all this distinguished history behind it, every culinary secret involved with making cheese-cake would long since have been explored — and no more surprises left to it. But no!

As new as today's headlines, here's an entirely new and most exciting member of the aristocratic cheese cake family — the first of its kind — CHOCOLATE Cheese Cake. The recipe is the creation, after many years of research, of the Sealtest Kitchens, New York City.

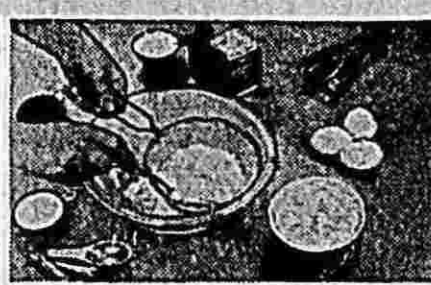

### Chocolate Cheese Cake

1 five oz. pkg. vanilla wafers  
6 tbsp. melted butter  
3 cups cottage cheese (clotted)  
8 eggs  
¾ cup sugar

3 tbsp. heavy cream  
¼ cup sifted flour  
¼ tsp. salt  
1 tsp. vanilla  
½ cup cocoa

**METHOD:** Roll vanilla wafers into fine crumbs; mix with 3 tbsp. of the melted butter. Press with back of spoon on sides and bottom of round 8" by 2" glass baking dish.

Sieve cottage cheese into large bowl. Add the remaining 3 tbsp. melted butter; stir until blended. Beat eggs (yolks and whites together) until thick and fluffy. Add sugar gradually, a tbsp. at a time, beating to blend after each addition. Add this mixture, and flour, salt, vanilla, and cocoa to sieved cottage cheese. Fold in until well blended.

Pour mixture into crust. Bake in slow oven, 300° F., 45 mins. Turn off heat. Leave cake in oven 30 minutes longer with door closed. Do not open oven door up to this point.

Now open oven door just a crack. Leave it that way for one hour longer. This helps to prevent falling. Remove cake gently from oven. Continue to cool on a rack, then chill in refrigerator before serving.

Serve in the glass baking dish garnished with sweetened whipped cream sprinkled with shavings of milk or bitter chocolate.

## WASHINGTON AND

## "SMALL BUSINESS"

By C. WILSON HARDER

During war American people expect great waste.

But American people have never before been confronted with necessity of maintaining large military establishment without hostilities. Today, about 60% of taxes go for military security.

But the question is being asked: how much of this money is actually going for combat efficiency; how much to support armed forces side operations which could be more efficiently handled by trained businessmen?

The military profession does not require business acumen. Military science is as far apart from business as medical practice is from an accountant's work.

The other day the U. S. General Accounting Office had a session with a Congressional subcommittee.

The GAO presented a long list of alleged examples of waste due to mismanagement.

For example, one army post commissary was selling 20 ounce loaves of bread from the Army bakery for six cents. This just about covered the ingredient cost with no allowance made for wages of civilian workers, officers in charge, or cost of the bakery quarters or equipment.

In a study of 52 army commissaries, ¼ of 208 in continental U. S., the General Accounting Office found that these 52 stores did a \$49½ million business in 1952, and that only 8% of the 202,135 persons authorized to use these commissaries lived on the National Federation of Independent Business.

the respective army posts. In addition, GAO found they occupied 800,000 square feet of government space, and that approximately \$5½ million in wages to 2,268 employees, of which 1,185 were military personnel, came out of appropriations.

At the Army Jeffersonville Depot GAO found \$14 million worth of Quartermaster property largely household and office furniture, deteriorating in the open at the rate of \$½ million per month.

At the Columbus Depot 523 unused warehouse tractors costing \$479,999 were declared salvage on July 20, 1950 and given away. In 1949 and on June 30, 1950 the army bought 103 new tractors at a \$244,299.41 cost. In 1951 hundreds of tractors were bought.

In wartime 1952 with 2,877,762 enlisted men the army had 263,137 officers, or a ratio of 14.1 enlisted men per officer including flying officers. In 1953 ratio was 10.5 to 1 even with flying officers moved from army to air force.

So a belief arises that with the necessity for big standing military establishment it is necessary to operate it on business basis.

Unfortunately, at present General Accounting Office has little power to stop waste, before it happens; it can only find where the waste has been. Thus there is quite a bit of sentiment to keep the military men out on tactical problems where they belong, and turn over all business matters affecting the armed forces to qualified businessmen.

Many old timers in Washington recall the administration of Theodore Roosevelt who used to require army officers to accompany him on grueling hikes and horseback rides to remove the fat. Now drastic measures are required to remove the financial fat from defense.

## LEARNING TO DRIVE RIGHT

Jacqueline Fee, 20, takes scientific driving lesson from John P. McClenahan, head of Safeway Driving School, Chicago, which stresses both behind-the-wheel technique and classroom instruction in teaching thousands of persons in Chicago area to drive annually.

"With more than 1,200,000 passenger cars and trucks now on the streets in this area, more persons are interested in becoming good drivers as an aid in preventing accidents in the ever-increasing traffic," McClenahan says.

More than 70% of driving students are women who think professional instructors can teach them to drive better and more easily than their husbands, according to McClenahan. The husbands tell him they agree!

## Furniture Fashions

Although this chair is from the "Canberra" group, it easily could be nicknamed the "Longhorn" chair. A smart combination of wood, fabric, and leather, this chair leaves little to be desired in styling, construction, and durability. It is a perfect accent piece of furniture for your living room and has maximum comfort.

This chair is a prime example of the many refreshing fashions in furniture that are available to the homemaker this Spring. The new collections are as versatile as they are beautiful. Utility, too, is an outstanding feature of the new offerings.

## OUR DEMOCRACY — by Mat

### AS DAY IS FROM NIGHT —

A LARGE PART OF THE TWENTIETH CENTURY HAS SEEN TOTALITARIAN SYSTEMS TRIED IN VARIOUS PARTS OF THE WORLD. DARKNESS HAS DESCENDED UPON THOSE PEOPLES, AND CLOSED OFF THE BORDERS OF SEVERAL FORMERLY FREE AND INDEPENDENT NATIONS.

IN OUR DEMOCRACY, WE STRIVE EVER TO BROADEN THE SPIRITUAL, POLITICAL AND ECONOMIC BASE ON WHICH WE STAND, AND TO BRIGHTEN THE RAYS OF ENLIGHTENMENT INSTEAD OF DARKENING THE MINDS OF MEN. AS DEWITT CLINTON SAID IN 1826: 'A GENERAL DIFFUSION OF KNOWLEDGE IS THE PRECURSOR AND PROTECTOR OF REPUBLICAN INSTITUTIONS; AND IN IT WE MUST CONFIDE AS THE CONSERVATIVE POWER THAT WILL WATCH OVER OUR LIBERTIES.'

## 10-Millionth Book Added to Library Of Congress Shelf

WASHINGTON—The Library of Congress, the Nation's largest, housed in the world's two largest buildings used exclusively for library purposes, recently received its 10-millionth book.

No one knows exactly what book was the 10-millionth, for the volume arrived among 308,746 books and pamphlets acquired in the fiscal year 1954. It became without fanfare one of the library's 33,153,000 items.

The library's chief rivals for size, the British Museum and the Bibliotheque Nationale in Paris, were probably surpassed before 1940.

Established in 1800 and housed in the Capitol, the library after five years contained about \$4,000 worth of books. British soldiers burned the building in the War of 1812 and one of them wrote wistfully home that "a noble library" had passed. But the nation soon bought 6,487 more books from Thomas Jefferson's personal shelves. The average cost of \$3.69 brought charges of extravagance.

Fires in 1825 and 1851 wiped out two-thirds of the collection. Later, outgrowing its first home, the library moved to its own structure near the Capitol. In 1939 an annex housed additional millions of items.

Giving validity to its name, the library was used last year by every Senator and Representative—but few entered the building. They pumped the library's legislative reference service with 69,000 requests for facts required in speeches and laws.

## Moderate Decrease In Traffic Deaths

HARTFORD, Conn.—Traffic deaths totaled 35,500 last year compared with 38,500 in 1953. The injury count reached 1,960,000 compared with 2,140,000 in the previous year.

The moderate decrease in the nation's automobile accident toll is shown in "Misguided Missiles," published by The Travelers.

Excessive speed was the most dangerous driving mistake again in 1954, killing 12,380 persons. The 1953 total was 13,870. The injury total resulting from excessive speed remained about the same as the preceding year—659,000.

Drivers under 25 years of age were involved in more than 24 per cent of 1954's fatal accidents although they constitute only about 14 per cent of the total of all drivers.

Weekend crashes accounted for 13,980 killed and 678,000 injured. The 1953 weekend record was 15,800 killed and 800,000 injured.

The pedestrian record reflected improvement for the fourth consecutive year. Pedestrian deaths were reduced to 7,700 in 1954, compared with 8,600 in 1953. Crossing between intersections, "jaywalking," remains the chief cause of pedestrian deaths and injuries.

Saturday was the most dangerous day of the week to drive. 1954 was the first year since 1949 to see a decrease in the death toll.

## Don't Blame Corn When Things Don't Pop

EAST LANSING, Mich.—When popcorn doesn't pop, it's not always the fault of the corn; it might be with the way it was stored.

The amount of moisture in the kernel is important, explains S. T. Dexter, professor of farm crops of Michigan State College. Popcorn pops by explosion; when it is heated steam forms in the kernel and explodes it. So when there is too little moisture, not enough steam is formed and there is just a small explosion or none at all.

Too much moisture in commercially packaged popcorn is seldom found because the corn loses its moisture to the air during storage. This loss of moisture often happens in homes where the air has a low relative humidity.

## Judge Dodges Answer To Defendant's Quiz

CHICOPEE, Mass.—District Judge Daniel M. Keyes had the tables turned on him and he refused to answer the question.

Keyes was asked by a man in court on a drunkenness charge if he could ask him a question. Keyes said he could.

"Were you ever under the influence of liquor?" asked the man. The judge smiled, "I refuse to answer on the grounds it might tend to incriminate me"—and directed the defendant be held for psychiatric tests.

Japanese Teacher  
TOKYO—Prince Mikasa, younger brother of Emperor Hirohito, recently began as a part-time lecturer in ancient oriental history at Tokyo's Women's University. University officials said his salary would be \$6.40 a month.

## Kids Made 'Davy' Hit, Composer Says

NEW YORK—"The kids did it!" This succinct accusation sounds as though it might be coming from the irate parents of a brood of destructive imps. Actually, for the past several months George Bruns, composer of "Davy Crockett," one of the most phenomenally successful songs to come along in years, has made a ritual of reverently murmuring "the kids did it" at least three times a day. Bruns makes this statement to anyone within hearing distance—to his cohorts at Walt Disney's Hollywood wonder factory, to his wife, and to well-wishing fellow

songwriters who well wish they could come up with the kind of song that managed to produce 23 recorded versions including the unlikely "Davy Crockett Mambo" with a combined sales total nearing two million copies in a three-month period.

To put it mildly, Bruns is slightly stunned (as is the music industry generally) by the rapid rise of the Crockett ballad. It was just another assignment to the composer, who is one of the fabulous Disney's three musical directors.

## Propane Fuel Can Cause Frostbite

CHICAGO—Severe frostbite can be caused by exposure to propane, a combustion engine fuel.

In a letter published in the Journal of the American Medical Association, doctors have urged that users of propane fuel be told of this possible danger.

Propane, increasingly used by farmers in tractor engines, is stored as a liquid in a pressure tank. When pressure is released, propane changes from a liquid to a gas, producing a freezing temperature of 44 degrees below zero.

Doctors reported on a case of a farmer whose hands were exposed to the gas for a few minutes while he was fueling his tractor. Four fingers had to be amputated and skin grafts applied although he was treated an hour after the accidental exposure.

## Infant Survival Rate Sets New Mark in '54

NEW YORK—The 4,060,000 babies born during 1954 set a new mark in their ability to survive the hazards of early life.

Infant mortality for the year dropped to an all-time low rate of 26.7 per 1,000 live births. This represents a reduction of almost 5 per cent from the previous low recorded in 1953, and of one-third from the rate of a decade ago.

The number of births was more than 2 per cent above the previous high established the year before and corresponded to a rate of 25.2 births per 1,000 population residing in the country.

## Expectant Winner

PROVIDENCE, R. I.—Mrs. Donald E. Jackson, Jr., a division commander of Lying-In-Hospital's building fund drive went to the race track and played a horse "strictly on a hunch."

The horse won and paid \$17.40 which Mrs. Jackson donated to the maternity-hospital fund.

The name of the horse she played: "Expectant."

## Modern Building Revolves With Sun

GRAND JUNCTION, Colo.—Going up: a six-story office building on a turntable that will keep it always facing the sun.

Clockwork in the base of the giant pivot will turn the building as the sun crosses the sky—not only to keep the building facing the winter sun, but to keep translucent sides out of the sun as much as possible during the summers.

The east and west sides will be of translucent brick, and the north and south walls of aluminum. Generally materials going into the structure will be of a light durable type normally used in aircraft manufacture.

The futuristic building will cost \$2,250,000. It will be a unit in a \$7,250,000 business and residential development planned by a syndicate of Texas oilmen.

The idea, according to one of the oilmen—Welborn Foreman, Houston, is to make Grand Junction the "energy capital" of the nation. Grand Junction, a community of about 12,500 residents, is in the midst of vast oil and uranium deposits.

## Tips on Traffic Safety

By  
**CHARLES F. CARPENTIER**  
Secretary of State

Many collisions have resulted when drivers stay too close to the left edge of their traffic lane. They do it to make sure they have enough room on the right, but actually they are crowding traffic in the other lane and frequently move right into that other lane.

There are two things that may be done to correct this dangerous

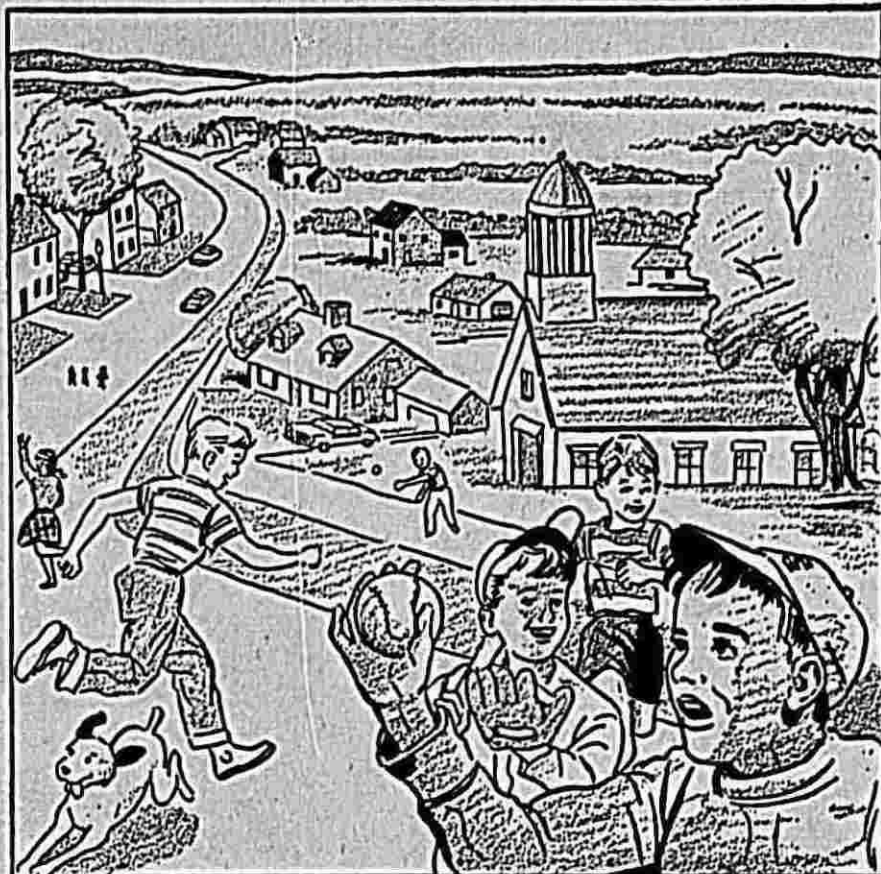

habit. On the highway, look far ahead instead of watching the road close to you. If you aim far ahead and steer at your target, your car will travel "on center" in your own lane. The lower part of your vision will take care of the left and right edges of the lane.

In city traffic, note the position of the car ahead of you. If that car is far to the left, notice all the extra room he is leaving on the right, room which you can use without any danger of hitting parked cars. If he is in the proper position, notice that he still has ample room on the right, and line your own car up with his.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to **CHARLES F. CARPENTIER**, Secretary of State, Springfield, Illinois.

## Schools Out - Drive Carefully

### Chicago May Adopt German Monorail

The idea of Chicagoans moving along at speeds of up to 150 miles an hour in trains—suspended from a single rail—is in the making.

Backers of the proposal say travelers could make the trip from the Loop to Midway or O'Hare airports in 14 minutes or less.

An offer to operate a 27-mile monorail system linking the Loop and the two airports was plunked before the City Council's committee on aviation recently.

The idea came from the General Monorail Corp. of San Francisco.

James A. Shanahan, vice-president of the San Francisco firm, said his committee would finance the \$11 million project if the city gives his company the franchise.

Otherwise, he said, the firm would build the system and turn it over to some other transportation group—such as the CTA—to operate.

"Interesting," was the only official

comment from CTA general manager Walter J. McCarter.

He pointed out that such a monorail system has been under discussion for some time in Los Angeles. An engineering firm, he said, had indicated that the novel rail idea is possible.

"But they didn't comment as to whether it was economically sound," he added.

Shanahan said the electrically powered trains would whiz along single rails, hung from 28-foot towers.

A suggested route for the monorail system, he said, would be along

the median strip of the Congress st. superhighway from the Loop to Cicero.

There the line would branch north to O'Hare and south to Midway.

A 16-foot clearance would be provided there so there would be no interference with surface CTA operations, Shanahan said.

The company also would build terminals at the airports and in the Loop for an estimated \$2 million.

Shanahan thought the fare on the rail would be about \$1 a passenger. Cars on the line each would carry 36 passengers.

A similar monorail system has been in operation since 1901 between the towns of Vohwinkel, Eberfeld and Barmen in Germany.

Shanahan said the German system has carried an estimated 10 million passengers without a fatality.

He said approval has been obtained for a 44-mile monorail line from Van Nuys to Long Beach in California.

DEVIL'S FOOD CAKE

To Dress Up Your Menu

"MAKE MINE CHOCOLATE" is a popular request when the menu calls for cake. This dark, luscious cake is baked from Dromedary Devil's Food Mix in the new, "twin pack," topped with fluffy frosting and coconut. It's a delightful creation for warm weather days.

A good cake fits well into any occasion. Whether it's a simple family meal, a casual "come over for cake and coffee" invitation or a formal dinner, a beautiful cake always adds a festive touch. How easy too, even for those barely acquainted with a kitchen range, to serve up a cake that's a real creation. Just take a package of the new pre-creamed cake mix in the golden foil wrap. Follow the simple directions on the package, and every time you bake, you are sure of turning out a cake that's tall and terrific, light and moist enough of texture to give it good keeping qualities. Available now in White, Yellow and Devil's Food, here is a specially good suggestion for a dramatic cake—alternating a fluffy white frosting with the rich, dark texture of Dromedary Devil's Food.

**COCONUT DEVIL'S FOOD CAKE**  
1 package Dromedary Devil's Food Mix 2 eggs 1 cup water  
Empty contents of package in large mixing bowl. Add water and eggs, following package directions. Bake in prepared 8" layer cake pan, according to directions on package. Allow cake to cool thoroughly before frosting.

**FLUFFY COCONUT FROSTING**  
2 egg whites, unbeaten 1 tablespoon light corn syrup 1/4 cup sugar 1 teaspoon vanilla 5 tablespoons water 2 cups shredded coconut

Stir unbeaten egg whites, sugar, water and light corn syrup in top of double boiler. Place over boiling water and beat constantly 7 minutes with rotary beater. (about 4 minutes with electric beater) until mixture stands in peaks. Remove from heat and stir in vanilla. Beat until of good spreading consistency. Enough to fill and cover 8" layer cake. After frosting, sprinkle over top and sides of cake.

\*For a different touch, serve up Mocha Cake using Dromedary Devil's Food Mix. After cake is thoroughly cooled, whip 2 cups heavy cream until stiff, then fold in 4 tablespoons sifted confectioners sugar. Divide in half, using one portion to fill Devil's Food layers. To remainder, stir in 1 tablespoon powdered instant coffee and blend well. Cover top of cake with coffee-flavored whipped cream. Remember to store cake in refrigerator.

New Do-It-Yourself 'Decorator' Bath

A luxurious Carrara glass bathroom is now available for installation by the home handyman at modest cost. In the new decorator bath unit, Carrara is used where its durability, resistance to steam and water and easy-to-clean surface serve best—the tub enclosure, lavatory splash panel and 14-inch high base around the room. Other areas are conventionally treated with paint or wallpaper so that only 63 feet of Carrara are required to modernize an average bath. Tub measurements and simple cardboard patterns of plumbing outlets are the only requirements before ordering the glass which is pre-cut by Pittsburgh Plate Glass product dealers. The luxury glass comes in eight colors and Black and White.

Demonstration Methods  
Presented to 4-H Group  
At Mundelein Meeting

"How to Give a Good Demonstration" was the feature of the program of the Lake County 4-H Club Federation at its monthly meeting held Tuesday evening, June 14, at the Mundelein Community church. Joanne Miller, a member of the Volo Busy Bees 4-H club, who was a winner in the Lake County Demonstration

contest two years ago and represented the county at State Fair, gave a demonstration on "Baking Cookies." This followed a discussion on points to look for in a good demonstration led by Mrs. Helen Volk, Home Adviser. Needless to say, the 4-H'ers learned some good points about demonstrating and also enjoyed Joanne's cookies.

During the business session, over which Malcolm Bainbridge presided, plans were made for 4-H summer

activities including a stand and exhibits at the 4-H County Show and Fair.

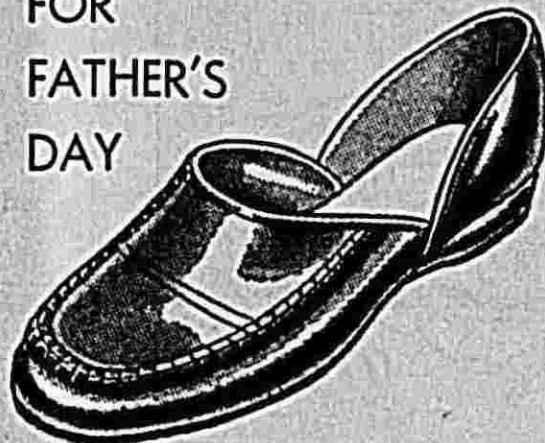

Two new Extension Workers who will be helping out with 4-H club work this summer were introduced. Mrs. Orpha Crook Miller, who served as assistant Home adviser last summer will again serve in that capacity this summer. She is well known to 4-H'ers and Home Bureau members in the county from her work last summer as well as the fact that she was an outstanding

4-H Club member for nine years before attending the University of Illinois, where she earned her degree in Home Economics. Lloyd Klindforth, who is a student at the University of Illinois, and who will serve as Agricultural Trainee for the summer months was introduced by Ray T. Nicholas, farm adviser.

## Ours Is Strongest Economic System In World History

NEW YORK—America now has the strongest, most productive economic system in human history, easily capable of attaining by 1960 a total national output of \$14 billion and making possible an average family income of more than \$6,000 per year, with prospects of still greater growth in the years ahead.

This is one of the central conclusions of a major economic study issued by the Twentieth Century Fund.

Among the striking findings of the survey:

American productivity, meaning the average output per hour of work is increasing so rapidly that if present rates continue, in another century we shall be able to produce as much in one 7-hour day as we now produce in a 40-hour week.

During the past century our rate of output has risen so fast that the average American worker today produces nearly six times as much in an hour of work as his great-grandfather did in 1850.

At our present rate of growth, we shall have a population of 177 million in 1960. A total of 69 million should be at work or in the armed services and unemployment (principally shifts between jobs) should not average more than 5 per cent of the working force. Total national output should reach \$14 billion at current prices, yielding total personal income of \$215 billion, or an average yearly income of more than \$6,000 per household for the country as a whole.

## New Toy Solves Ancient Problem

NEW YORK—Newest toy-wonder on the market is a "mechanical bird"—the first successful solution to a problem that has baffled every aeronaut from Leonardo da Vinci on.

The manufacturer says the device—it looks like a small model plane without a propeller—is a genuine oriole (or oriole) described by Webster as a "flying machine propelled by flapping of wings."

The tear-proof, tapered wings (with a 15-inch spread) and tail are covered with one of the toughest of plastic materials. The toy bird is powered by several rubber-bands inside the plastic body. These are connected to a simple drive unit under the wings. A small crank in the nose of the bird is used to put tension on the bands.

Two opposing cams in the drive unit are geared directly to the wires which form the framework of the wings. When the rubber-motor unwinds, the cams convert the circular motion into alternate up and down flapping of the wings. Launched into the air, the synthetic bird swoops, soars and dives like a real bird.

## Ocean Fishes Differ Around the World

WASHINGTON—Fishes keep to their own sides of the sea.

The Smithsonian Institution has received a collection of more than 1,000 specimens of Liberian fishes, mostly from salt and brackish water, obtained over a two-year period by George C. Miller, of the Fish and Wildlife Service of the Department of the Interior. This contains many species and varieties hitherto not represented in the national collections, but its particular interest is in the difference it shows between the sea creatures of the eastern and western Atlantic.

Superficially they may be quite similar. When studied, however, they are found to represent quite different types. Thus, an ocean turns out to be far from a "melting pot."

## Ex-Justice of Peace Fails at Robbery

RAYNE, La.—A 75-year-old former justice of the peace living on a \$35-a-month old-age pension robbed a bank of \$9,800, was quickly caught and jailed by the sheriff, a lifelong friend.

Frail, gray-haired Albert Johnson was tackled by a customer as he backed out of the bank feebly waving a German P-38 automatic. Other customers pulled away his handkerchief mask.

"I can't understand it," said Sheriff Walter Larcade. "I've known him all my life. He didn't have any kind of a record and it just doesn't add up."

## Female Persuasion

BERLIN—The Communists have asked East German girls to try to talk their boy friends into joining the army.

The newspaper of the Communist Free German youth organization Die Junge Welt, carried an appeal to young women to point out to their boy friends the necessity of becoming soldiers.

## Food Sense—Not Nonsense

### Be A Lamb—But Not About Your Food

Would you be a lamb—just to play follow the leader? "No, indeed," you say, yet you may permit your eating habits to be influenced by the talk-of-the-day.

Conversations over American dinner tables frequently come around to calories. Too often, good foods are rejected solely on the basis of their reputed calorie count learned through hearsay. Other times, the estimation of calories is mere guesswork. This confusion causes essential foods to be called "high energy or high calorie" foods which mistakenly are condemned as fattening.

Products which supply protein, minerals or vitamins are more than "energy" foods despite their calorie content. Only those foods which are primarily sources of calories, such as sugar and certain fats, should be thought of as "high energy" foods.

One does not consider milk as a "high energy" food even though a glass of milk furnishes 105 calories. About one-fourth of the solids of milk is protein and milk is an excellent source of calcium and riboflavin. Likewise, one should not think of bread as a "high energy" food just because a slice of enriched bread furnishes 63 calories. Enriched bread provides protein and in addition calcium, iron and the three B vitamins—riboflavin, niacin, and thiamine.

It is revealing that calorie-wise, varieties of bread are not so different. Enriched bread, rye, whole wheat and various specialty breads all contain nearly the same number of calories, ounce for ounce.

Selection of foods should be on as functional a basis as are many of the other choices made in modern living. This thought applies to those who are concerned with reducing the total number of calories in their daily diet. They should limit those foods which furnish nothing but calories more drastically than foods such as milk, enriched bread, eggs and meat which furnish a good cross section of the various needed nutrients.

**Start Summer Program**  
The Antioch Acorns 4-H club is meeting weekly during the hours of 1 to 3 p. m. instead of twice monthly so that they can complete their sewing projects in time to enter them at the county fair. Mrs. Peter Kisel is in charge of advanced sewing. Mrs. Fred Dittmer and Mrs. Carl Reichenbach instruct in beginning sewing, and Mrs. Nelson Place and Mrs. Ed Zalators in

## PREVENT A BAD FLASH BURN

Whenever you light up a smoke, be sure that you close the match package cover before striking the match. Make this a habit. Also be careful that the lighted match doesn't ignite the entire package. The intense flame from a package of matches can give your hand a bad burn, even singe your hair, eyebrows and nostrils, injure your face.

## ANTIOCH VILLAGE TREASURER'S REPORT

STATE OF ILLINOIS OFFICE OF THE VILLAGE TREASURER  
LAKE COUNTY ANTIOCH, ILLINOIS

The following is a statement by Martha H. Hunter in the County and State aforesaid, of the amount of public funds received and disbursed by her during the fiscal year ending on the 30th day of April A. D., 1955, showing the amount of public funds received and from what sources received; the amount of public funds expended and for what purposes expended, during said fiscal year ending as aforesaid.

The said Martha H. Hunter, being duly sworn, doth depose and say, that the following statement by her subscribed is a correct statement of the amount of public funds on hand at the commencement of the fiscal year above stated, the amount expended, the purposes for which expended, as set forth in said statement.

(Signed) MARTHA H. HUNTER  
Subscribed and sworn to before me this 7th day of June, 1955.  
(Notarial Seal) J. Ernest Brook, Notary Public

## HICKORY

Miss Edith Darby from Walla Walla, Wash., is spending the summer month visiting at the home of her sister, Mrs. Bert Doolittle, and other relatives.

The Hickory Cemetery association held its annual directors' meeting at the home of Bert Edwards Wednesday evening, June 8.

Mrs. William Welch was given a surprise birthday party at her home at noon on Wednesday, June 8. They enjoyed birthday cake and pot luck dinner. Those present were Mrs. L. J. Slocum, Mrs. Earl Henry, Mrs. Laura Leable, Mrs. William Strahan, Mrs. Ray Laursen, Mrs. Arthur Finkel, Mrs. LaMonte Ray, and Mrs. Emmet King.

The G. A. Lange family from Hebron and the William L. Strahan family from Edwards road spent Sunday at the King home.

Hickory School closed on Thursday with a picnic dinner at the school house. In the forenoon they drove to Deer Haven and saw the animals in the park.

Mrs. Gordon Wells entertained the Hickory School Mothers club at her home Tuesday evening.

Mrs. Louie Lingard and twin daughters, Janet and Janice, six months old, from Iowa are visiting at the home of Mrs. Lingard's parents, Mr. and Mrs. William Richards, this week.

Mr. and Mrs. Warren Silver of Waukegan visited the William Welch family Wednesday evening.

Mr. and Mrs. Warren Wells and baby of Gurnee spent Sunday afternoon at the Curtis Wells home.

Miss Lucille Wells and Miss Barbara Doolittle attended the ball game in Comiskey park in Chicago Saturday afternoon.

Frank Vickery and son, Ralph, from Mundelein visited the Hunter family Sunday afternoon.

Bob Finkel came home from Urbana, Ill., last week for the summer.

Mrs. Eva Ailing of Waukegan spent Sunday afternoon at the Bert Edwards home.

Mrs. Annie Oberst of Chicago spent the week-end at the William Richards home.

Mr. and Mrs. Gordon Wells, Jr., of Round Lake and Glenn Wells of Trevor spent Sunday afternoon at the Gordon Wells home.

Sunday afternoon callers at the William Richards home were Mr. and Mrs. John Rausch from Wilmet, Mr. and Mrs. Frank Wisner

from Chicago, and Mrs. Betty Hacker of River Grove. Mrs. Harold Butler and children of Waukegan visited the Curtis Wells family Saturday afternoon. Mrs. Martha Sanders from St. Clair, Mo., is visiting at the home of her daughter, Mrs. Sam Herquist.

## U. S. Built Airplanes In Service Everywhere

WASHINGTON — American-built airplanes have dominated the world aircraft market during the past seven years, and aircraft built in this country operates in 103 different nations today.

John H. Payne, Director of Aircraft Industries Association's Export Service, says that the aircraft industry exported 6,403 civil planes and 2,893 civil aircraft engines during the period 1947-53.

These planes and engines were in addition to the thousands of military, cargo and used transports sold overseas during the same period. The exact number of aircraft in these categories are not revealed due to military security.

The AIA executive says that civil aeronautical exports alone accounted for \$293.6 million of the industry's total of \$2,534.4 million in exports during the seven years.

## Most Modern Trucks on any job

with the most advanced truck features the industry has ever seen!

Only new Chevrolet *Task-Force* Trucks bring you the shortest stroke V8's in any leading truck and today's most advanced sixes—plus all these truly modern features!

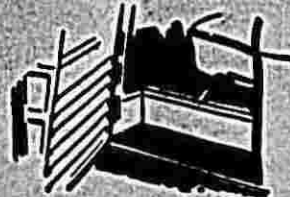

They're the marks of a modern truck, and they out-date any make without them!

Beginning with Work-Styling, an entirely new development in truck design. For the first time in any line of trucks, Chevrolet brings you two styling treatments—one for light- and medium-duty models, another for heavy-duty jobs! Styling that's matched to the model and the job.

The latest in cab comfort and safety. Inside you can count on the same ultra-modern touch—softer seat action that reduces driver fatigue, and more durable construction throughout.

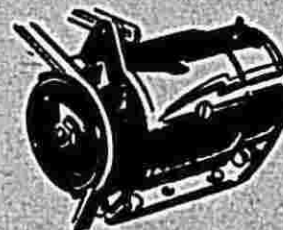

New concealed Safety Steps. Chevrolet's new Safety Steps are out of sight with the doors closed—stay clear of snow, ice or mud.

New panoramic windshield. For a wider, virtually unobstructed view of the road!

Fresh air in all kinds of weather. With new High-Level ventilation, air is drawn in through louvers at cowl level. That means air is constantly circulated through the cab, regardless of disagreeable weather conditions.

High-Voltage power—V8 or 6. The new lineup of Chevrolet truck engines includes the shortest stroke V8's in any leading truck, and most advanced sixes. All have a modern 12-

volt electrical system—double the voltage for quicker, surer starting and more efficient spark plug firing.

Tubelless tires standard on 1/2-ton models. Here's greater protection against blowouts.

Every Power Helper in the book. Power Brakes are standard equipment on 2-ton models, an extra-cost option on others. The new handling ease of Power Steering, another extra-cost option, cuts turning effort up to 80%.

There's new gas-saving Overdrive, as an extra-cost option on 1/2-ton models... and truck Hydra-Matic on 1/2-, 3/4- and 1-ton jobs.

The new Cameo Carrier. Long and low, with smooth, fleet lines, here's the Custom pickup that may well create a new class of truck owners!

One final word. When the time comes to trade in '55 models, the man without a really modern truck stands to take a good-sized loss. Come in and see us soon.

Chevrolet  
Year after Year  
America's best selling truck!

You get the most modern trucks money can buy in

### SALEM

Mrs. Charlotte Bloss accompanied by Mrs. Milton Patrick of Trevor left by air Sunday to South Carolina where they are attending a hooked rug convention.

Mrs. Marcia Wheeler of Cleveland, Miss., and Mr. and Mrs. Harris Wheeler and children of Silver Lake were dinner guests Friday evening of Mr. and Mrs. E. H. Hartnell.

Mr. and Mrs. Ray Patrick and sons of Kenosha called on Mr. and Mrs. Byron Patrick Saturday evening.

Mr. and Mrs. Clarence Imrie and children spent Friday afternoon in Burlington.

Mrs. Emma Schmidt of Kenosha is visiting her son Alfred Schmidt and family.

A large number of friends and relatives gathered at the Salem school Saturday evening for the reception of Mabel Tuttle, daughter of Mr. and Mrs. Gilbert Tuttle who became the bride of Warren Pries, son of Mr. and Mrs. Walter Pries. After a honeymoon in the south the couple will reside south of Salem.

Miss Susan Bau of Milwaukee became the bride of Ronald Firchow, son of Mr. and Mrs. Earl Firchow at Salem, at a church in Whitewater on Saturday morning. A reception for the couple was held at Central High school following the ceremony. After a wedding trip the couple will live at Whitewater where the groom is attending school.

Byron Patrick has been off duty at the Chevrolet garage due to illness.

### LAKESIDE COUNCIL GIRL SCOUT NEWS

Board members of the Lakeside Girl Scout Council met Thursday evening at Druce Lake Camp for a brief tour of the grounds, and to conduct their final business meeting of the season.

It was learned from Mary Jane Nelson, camp director, that the Scouts were enjoying themselves in spite of the rains. They have been working toward their Conservation and Textile badges, and by means of land drills and instructions, some were even working for their Swimmers badge. A Court of Awards ceremony is planned for Monday evening at which time they will receive their badges.

On Sunday morning a Protestant minister and a Catholic priest will conduct church services for the

Scouts in the Chapel on the campsite, thus eliminating the problem of transportation to a nearby town to attend church.

Visitors' hours will be Sunday afternoon from 2 p. m. to 4 p. m., at which time relatives and friends will have a chance to see and take part in some of the girls' activities.

The board planned their calendar for part of the coming season, discussed plans for the annual cookie sale to be held in October, and appointed Mrs. Virginia Spinney of Round Lake as Training chairman, and Mrs. June Simms of Round Lake as Camp chairman for the coming season.

It was also decided that the definite dates for board meetings would be the second Monday of every

month commencing in August. Monday of September, January and Council meetings will be the fourth April.

## Why it's wise to hold U.S. Savings Bonds more than 10 years

By Homer J. Livingston, President of  
The First National Bank of Chicago and  
President, American Bankers Association

LIKE MILLIONS OF OTHER  
AMERICANS, you probably  
know that our government's  
Series E Savings Bonds rank  
among the surest, safest and  
best investments in the world.  
But I wonder if you realize  
that an extremely attractive  
feature has been added.

You can now hold them for as long as  
19 years, 8 months and U. S. Series E  
Savings Bonds will return you a total  
yield of 80% on your investment!

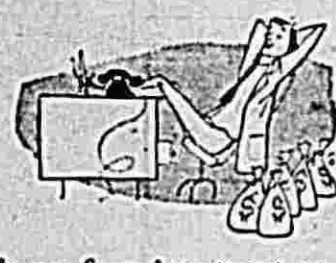

If you invested \$37.50 in a Savings Bond  
ten years ago, it could be redeemed for  
\$50.00 today. You would make \$12.50.  
But if you keep that Bond for ten more  
years, you will make a total of \$29.84  
on your original investment. In other  
words, if you hold your Bonds for double  
their original period, your total yield is  
considerably more than just double.

So, if you can possibly arrange it, hold  
your Bonds for the maximum period—  
19 years, 8 months.

And, of course, go on investing in U. S.  
Series E Savings Bonds regularly.

There's no finer investment an Amer-  
ican can make.

If you want your interest as current in-  
come, ask your banker about 3% Series  
H Bonds which pay interest semiannu-  
ally by Treasury check.

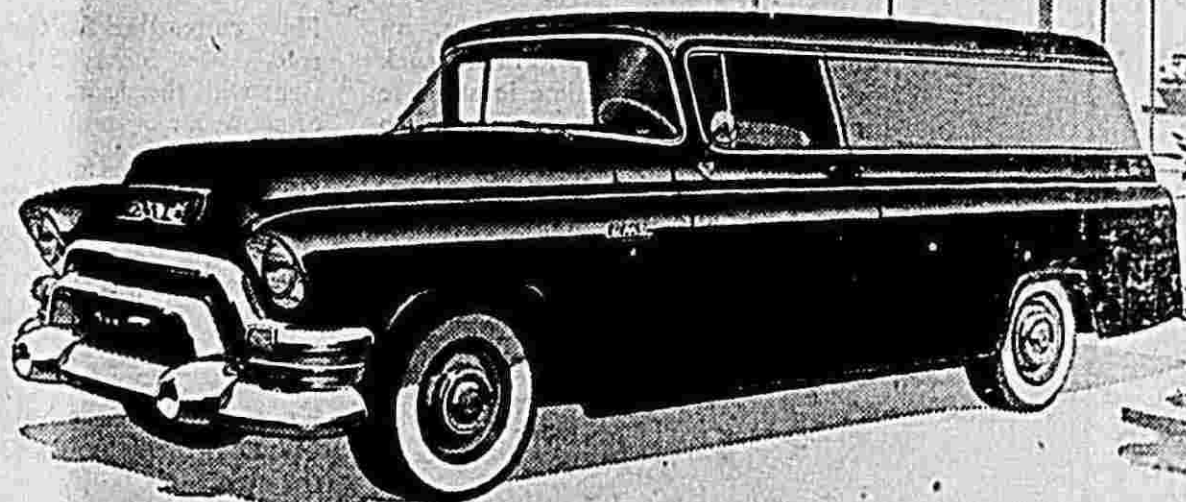

Now even better!  
Invest more in Savings Bonds!

The U. S. Government does not pay for this advertising. The Treasury Department thanks  
for their patriotic donation, the Advertising Council and

## MILLBURN

Regular services at Millburn Congregational Church June 19, include Sunday school at 9:45 a. m. and church services at 11 a. m.

The annual June meeting of Congregational churches of Lake county will be held at Mundelein Sunday afternoon, June 19. There also will be a Youth Rally at Waukegan the same afternoon.

The Rev. and Mrs. L. H. Messersmith attended the services of installation for the Rev. Theodore Roos at Princeton, Ill., Sunday evening. From there they will go on to Jacksonville, Ill., to attend the annual meeting of the State Conference of Congregational and Christian churches Monday through Thursday.

The Mylo club is sponsoring a Holbrook House supper at the church Wednesday evening, June 15 at 8:30 o'clock. Call Miss Ruth Minto or Miss Norma Welch about tickets for the supper.

Miss Josie Mann spent a few days at the home of her brother, Harvey Mann of Waukegan.

Mr. and Mrs. Frank Edwards spent Thursday evening at the John Edwards home in Libertyville.

The Devotional Study group met at the home of Mrs. Rose Weindorf Thursday morning with thirteen present. On June 23, the group will meet at the home of Mrs. Beatrice Anderson from 12 until 2 p. m.

The Millburn Unit of Home Bureau enjoyed a tour and dinner at the Honey Bear Farm at Genoa City, Wis., Friday, June 10. There were 11 members and five guests.

Mr. and Mrs. Clarence McCowatt and Mrs. Imogene Bensinger of Waukegan were callers at the Frank Edwards home Sunday afternoon.

Mr. and Mrs. John Dubsky and sons of Berwyn, Ill., and Mr. and Mrs. Vaughn Sherwin and daughter were Sunday dinner guests of Mr. and Mrs. Kenneth Young.

Mr. and Mrs. Edward Hoffman and son, George, attended a Musical Festival at Wales, Wis., Sunday afternoon.

Guests at the Kenneth Young home on Saturday were Mr. and Mrs. Frank Feurs and Mr. and Mrs. John Oddy all of Chicago, and Mrs. Elsie Schramm of Antioch.

Mrs. Thomas Welch of Gurnee was a caller at the Charles Lucas home Monday.

The Men's club met at the church

Monday evening with seven members present. The club has adjourned for the summer months and will meet again in September.

Martin Halverson of Chicago spent Sunday evening with Mr. and Mrs. Charles Lucas.

Mr. and Mrs. Frank Hauser spent Sunday at the Clarence Hauser home at Paris Corners, Wis.

Mr. and Mrs. J. C. Harness of South Bend, Ind., Mr. and Mrs. Oscar Harness of Dana, Ind., Mr. and Mrs. L. S. McCord of Waukegan and Mr. and Mrs. George Sinesh of Gurnee were Sunday guests at the Thomas Harness home.

Mr. and Mrs. Clifford Weber, Jr., and family of Winthrop Harbor were Sunday dinner guests at the Clifford Weber home. Diane and Candice will remain and spend the week with their grandparents, the Clifford Weber, Sr.'s.

Miss Julia Hughes and Miss Myron Gaddie of Chicago and Mr. Norman Ham and son, Philip of Evanston spent the week-end at the A. G. Hughes home.

## Joanne Osmond to Serve As Counsellor at Camp

Antioch will be represented at the famed National Music Camp at Interlochen, Mich., this summer by Miss Joanne Osmond, a student at the University of Michigan in the School of Education. She is planning to specialize in Camp Counseling at the Camp this summer. The National Music Camp was established at Interlochen, Mich., in 1928 to provide specialized advanced instruction for unusually talented young musicians, and has expanded its program to include actors, artists, and dancers. The Camp, which runs from June 26 through August 22,

boasts six symphony orchestras, three symphonic bands, eight choral organizations, and numerous other activities which provide training and experience in music, art, speech and dance. A complete recreation program, with instruction in land and

water sports, provides an ideal balance between work and play for the campers. Some 250 public performances and radio broadcasts will be presented by the students during the eight week season.

# Most Popular Pontiac Ever Built...

... BECAUSE IT HAS EVERYTHING IT TAKES TO MAKE A WINNER!

Here's the car which is breaking every sales record in Pontiac history. And here are some facts underlying that popularity—facts which might easily persuade you to join the happy thousands who are making the switch to Pontiac.

**FACT 1**—Pontiac's distinctive and exclusive future-fashioned beauty is bound to stay new for years.

**FACT 2**—Pontiac's Strato-Streak V-8 engine is completely new and it em-

bodies basic design advances that you'll be seeing in other engines of the future.

**FACT 3**—Pontiac's performance gives you tremendous power and quietness; flashing acceleration and smoothness; plus a wonderfully comfortable road-leveling ride based on adequate weight and a long 122" or 124" wheelbase.

**FACT 4**—(and the clincher)—Pontiac's power, size and superb beauty are combined with a price which makes this car

America's greatest value—by far! In fact, if you can afford any new car, you can afford a Pontiac! Come in TODAY!

### There's No Power Like Strato-Streak Power!

Here is the heart of Pontiac's terrific performance—the all-new, ultramodern Strato-Streak V-8! This masterpiece of engine design will deliver up to 200 horsepower with Pontiac's low-cost, optional, 4-barrel carburetor. Come on in, take the wheel and see what Strato-Streak really means!

Our Want Ads

# TV Stuff

By JACK SEIB and JOHN SHERBET

Doesn't it get you mad sometimes to find that top TV programs are on at the same time?

You would think that the television networks could get together and do something about this. But there is a reason for it. The answer is competition for the biggest audiences. After all, a sponsor wants the bigger audience for the most sales. And networks (although I don't think they'll admit it) will play against each other's top programs to pull down audience ratings and move their own upward.

The trend today for a network is to get as many of the top "ten" programs as possible. That is the reason for playing favorite against favorite. TV programming is keen competition.

And this is good for you and me. The results are better and better programs.

And in television servicing there is more and more competition being created, too. Only the best technicians with the latest equipment will stay on top. The next time you need TV servicing, phone Antioch 144 and discover why COURTEOUS TV have received such a fine public rating.

## USE OUR BUDGET PLAN

to buy next winter's fuel oil the modern, sensible way.

### FOR EXAMPLE:

If your season's heating cost is approximately \$160.00 your monthly payments would be:

\$13.34 for our 12 month plan (1st payment in June)  
\$14.55 for our 11 month plan (1st payment in July)  
\$16.00 for our 10 month plan (1st payment in August)  
\$17.78 for our 9 month plan (1st payment in September)

## Best dressed car of the year

The Bel Air Sport Coupe. You'll find your favorite model among Chevrolet's complete line of Fisher Body beauties.

Chevrolet...The only low-priced car with beautiful Body by Fisher

It's like a famous designer's label on a lady's favorite party dress.

It's like sterling on silver, 14 carat on gold, or like those little silk threads in an honest-to-gosh dollar bill that no counterfeiter can ever quite copy.

It's the Fisher coach—world-famous emblem of Body by Fisher. You'll see it on the sill of a Motoramic Chevrolet when you open the door. You'll see it on some of America's most popular high-priced cars, too. But that's all. Not on any other low-priced car.

The other cars in Chevrolet's field just don't have that clean, fresh look that comes from beauty that's built in—not bolted on! In fact, there are very few cars that do have it—no matter what they cost.

You can choose your own new Chevrolet with Body by Fisher from 190 different combinations of models and colors. That's like having it custom built just for you—without the custom-built price! Come on in and get all the good news on the model you like best.

ROUTES 59 and 173 PHONE ANTIOCH 607

# Biggest thing in Low-Priced cars

\$2299.88

Delivered locally!

\*2-door, 6-passenger Buick SPECIAL Sedan, Model 48, illustrated. Optional equipment, if any, additional. Prices may vary slightly in other markets. Even when the factory-installed extras you may want are bargains, each one is a bargain. Heater & Defroster—\$81.70; Radio & Antenna—\$92.50.

THIS is a Buick—a 2-door, 6-passenger SPECIAL Sedan.

It packs a whopping 188-hp V8 engine under the hood—is carried on a strapping 122-inch wheelbase—rides with the luxury cushioning of all-coil springing, the solid steadiness of a full-length torque-tube drive, the extra safety and silence of tubeless tires.

It's big and brawny and road-steady and roomy—each seat cushion measures over five feet in width.

Yet this broad beauty—as the price we show here proves—delivers locally for

just about the price of the well-known smaller cars—even below some models of those very same cars.

Buick Sales Are Soaring To New Best-Seller Highs That, for sure, is one reason why Buick sales go higher and higher and higher. More and more people are finding that you can buy a Buick for the price of a smaller car, so more and more people are getting this bigger buy for their money.

They want the bigger package of sheer automobile for the money that they get in Buick—bigger in power thrill, in roomy comfort, in riding steadiness, in structural solidity.

They want the added prestige and pleasure of owning Buick styling and

size—and the added safety and sureness of Buick roadability and handling ease.

They want, too, the spectacular performance and better gas mileage of Variable Pitch Dynaflo—easily yours at modest extra cost.

And they certainly want the choice Buick offers of a car in every price range, with each one the buy in its field—the low-price SPECIAL, the supremely-powered CENTURY, the extra-roomy SUPER, and the custom-built ROADMASTER.

Why don't you come in for a visit and see how much real automobile your money can buy here?

†Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

### Women of Moose Hear Musical Program

Mrs. Gordon Dillon, sponsored by Mrs. Joe Gorlitz, and Miss Frances Elfering, sponsored by Mrs. Frank Kennedy, Sr., were initiated into the Home Chapter No. 0 by the Antioch Chapter, No. 735, of the Women of the Moose last Thursday, June 2, at the Moose Lodge. A very interesting program was arranged by the Membership chairman, Mrs. George Schroeder, and her committee through the courtesy of Mr. Polifka, associated with the Marek's School of Music in Antioch, who had invited a few of his pupils to perform for the chapter.

The program was comprised of little Miss Barbara Zeman, who played an accordion solo, Master Frankie Erhardt, accompanied by Mr. Polifka, was next with a trumpet solo, followed by the Misses Marjorie Lehman, Nancy Nemec, and Sharon Bauer, accordion trio, and closing with Marjorie and Sharon each playing a solo.

The chapter conducted its election of officers for the new year and the slate read as follows: Mrs. William Meyer, Senior Regent; Mrs. Homer Toft, Junior Regent; Mrs. James Long, Chaplain; Mrs. Robert Horton, Recorder; and Mrs. Edwin Lindstrom, Treasurer. The term for these new officers will begin with the first meeting in July following installation sometime in June.

There will be another Bartender's Dinner on Tuesday, June 14, at the Lodge.

Refreshments were served by the Membership chairman, Mrs. George Schroeder, and her committee, the Mesdames Emil Hallwas, Leonard Robin and Margaret Roof.

### LAKE VILLA LIBRARY NEWS

The Lake Villa Township Library has received as a gift from Mrs. Paul Lawrason several fine new books.

The Lake Villa Woman's Club and the Lake Villa Grade School P. T. A. have given generous cash gifts to the library to be used in the promotion of a children's summer reading program.

Mr. Charles Wullenbacher has given copies of "The Good Shepherd" and "The Hidden River."

C. S. Forester's best seller "The Good Shepherd" is the story of Commander George E. Krause, U. S. N., skipper of the American destroyer Keeling. The story is plotted in the most critical time of World War II, when the German submarines had the upper hand and Allied shipping was suffering heavy losses. In the midst of tense, concentrated action, with countless and terrible decisions to make, the Bible-quoting Commander Krause

### Present Awards at A. T. H. S. Honors Day

Presentors of awards at the Antioch Township High School at Honors Day, the last day of school, are left to right, O. I. Onstad of the American Legion awarding Boys State selection; Mrs. Eva Gaylord of the Legion Auxiliary, presenting Girls State; Mrs. M. M. Sullivan of the Woman's Club, rewarding outstanding boy and girl, Conservation School and Music School scholarships; and Mrs. Vern Gowe of Gurnee, presenting the D.A.R. award.

emerges as a memorable character.

Storm Jameson's "Hidden River" is the story of a family, set in a country where the memories of war are still painfully alive. The author shows a profound understanding of people and the pressures modern life puts upon them. Quietly, this book has pertinent things to say about the burden of guilt and responsibility, each individual bears for the corruption and intolerance in this world. All this emerges from an exciting tale.

The Lake Villa Township Library summer reading program has been planned to appeal to all age groups. Supported by the Lake Villa Woman's Club and the P.T.A., there will be a Story Circle each Saturday morning 10:30 to 11:30 a. m., June 18 through August 20, for the first through third grade group. Readers will be P.T.A. mothers.

Older children are urged to join the Reading club. Members will read and report on eight books.

Several fine new books are available for adult readers.

### SMART MONEY

KNOWS WHERE TO GO AFTER READING THE ADS IN THIS NEWSPAPER.

### 4-H Members Conduct Tomato Variety Trials

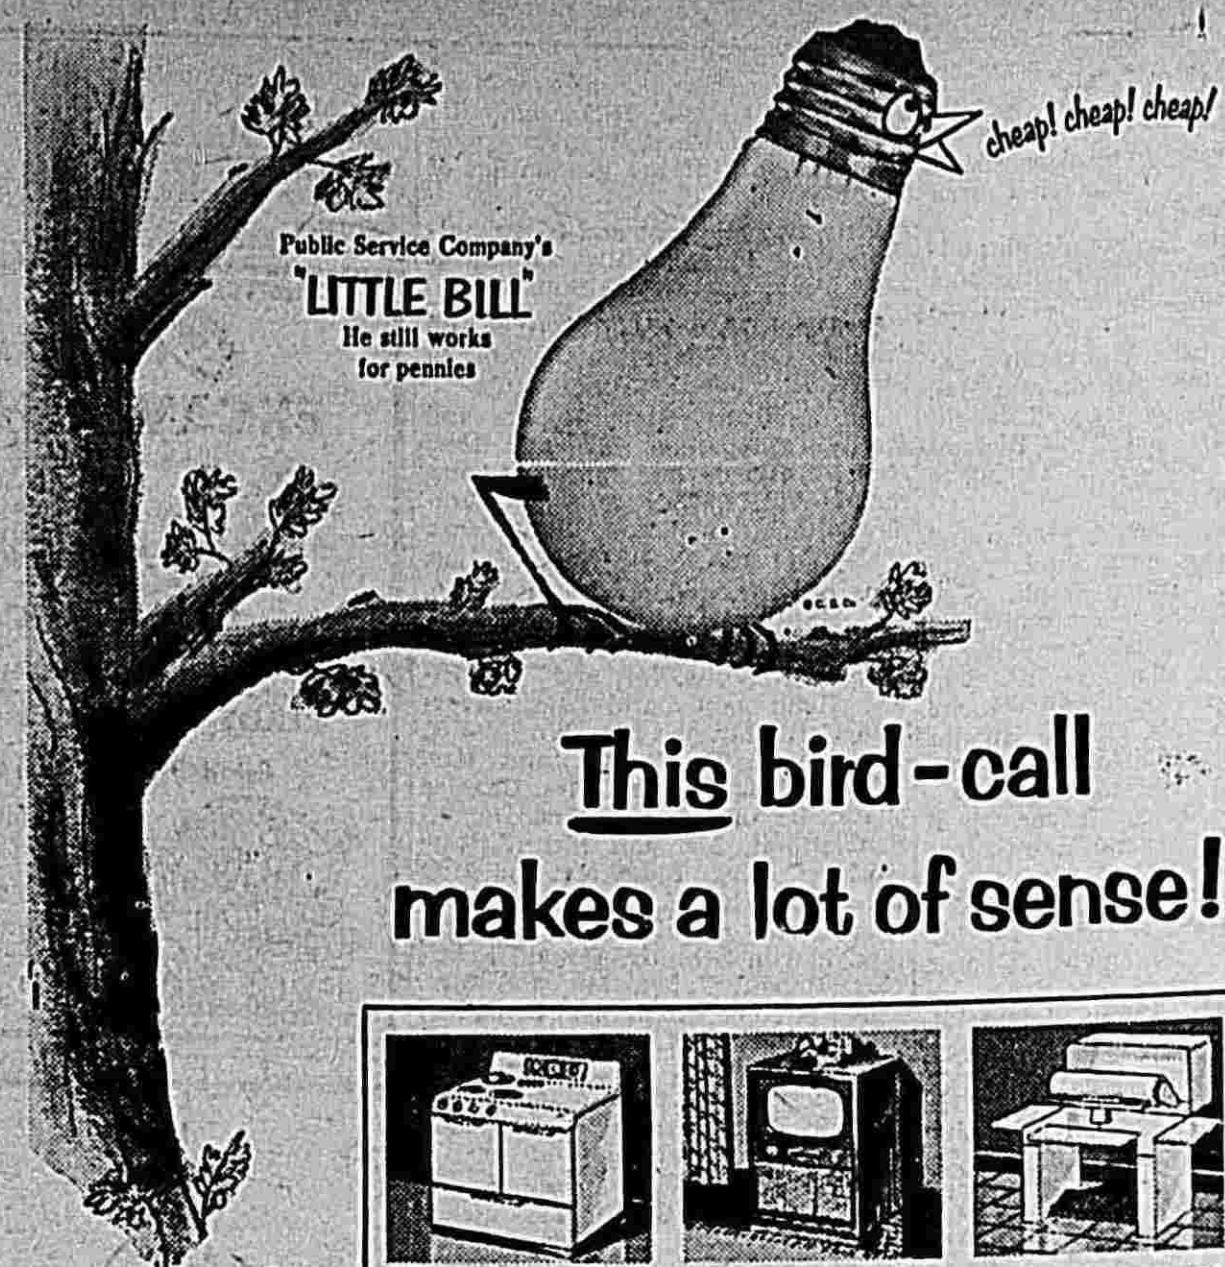

Two Lake County 4-H Club members were selected to conduct tomato variety trials, according to Ray T. Nicholas, Lake County Farm Adviser. These variety trials are being done under the supervision of Norman Oebker, vegetable gardening specialist of the University of Illinois College of Agriculture.

The two members conducting these tests are Leonard Schmitt of the Libertyville We Willing Workers club and Frances Jankowski of the Prairie View Field Mice Club. Each of the two members were given 15 plants of each of three different varieties. They will weigh the harvest from each variety and keep a record of the harvest.

For many centuries in Western Europe, a counting system based on 120 was used, and in medieval England, the word "hundred" really meant 120.

### HOW CHRISTIAN SCIENCE HEALS

STATION WNMP 1590 kc SUNDAY 9:15 A. M.

This bird-call makes a lot of sense!

### How Public Service Company keeps your electric bill down (while everything else goes up)

Nowadays most families have at least one of the electrical appliances (above). That's one reason why you're using far more electricity today than you did a few years ago. But the surprising thing is that you're getting almost twice as much of it for your money.

One of the reasons Public Service Company is able to keep your electric bill down is a new way of pro-

tecting equipment from weather. We no longer construct a costly building and install substation equipment in it. We now use a prefabricated, weatherproof casing.

This reduces the cost of installations and eliminates many upkeep expenses. So today, while the cost of most everything has doubled—electricity still costs less per kilowatt-hour than it did 25 years ago.

In the low-price 3, PLYMOUTH is

**FIRST IN STYLE.**

**FIRST IN SIZE.**

**FIRST IN SAFETY FEATURES!**

The thrill of pride you feel each time you drive your new Plymouth has several sources. There's the sleek smartness of its Forward Look styling. The eager power of the thirteenth 6, or the most powerful standard V-8 in Plymouth's field. And there's the peace of mind that comes from knowing that you are protected by more safety features than offered by any other low-price car. You'll know what we mean when you drive a big new Plymouth—how about today?

"AMERICA'S MOST BEAUTIFUL CAR"—that's what the nation's foremost artists' group, the Society of Illustrators, say about the 1955 Plymouth!

**BIGGEST LONGEST ROOMIEST**

THE BIGGEST CAR OF ALL 3 is naturally the most comfortable inside, and Plymouth gives you the smooth, steady ride only a big car can give.

**NO BLIND SPOT**

NO EYE-LEVEL "BLIND SPOTS," thanks to this unique swept-back windshield design that gives you the greatest visibility in Plymouth's field.

**SAFETY-RIM WHEELS** have a special retaining ridge to help hold a tire straight on the rim in case of a blowout. Another Plymouth exclusive!

**SURE, MORE PREDICTABLE STOPS** come from two hydraulic brake cylinders in each Plymouth front wheel, where the other two low-price cars use only one.

BEST BUY NEW
